

## CIS 131 MIDTERM WEB PAGE DESIGN

- Create a website for a small business that features used items for sale. The client is also interested in offering merchandise that is affordable. The client would like some image that features a country store on the [main page](#). The client is Kate's Greenery, located at 1600 E. Golf Road, Des Plaines IL 60016, with telephone number 847-635-1600. Kate's email address is [kate@kategreenery.com](mailto:kate@kategreenery.com).
- The heading in the header should be created by an H1 tag and centered. Use a marquee tag to feature a "grand opening of second store" announcement within the header. Put an image of a picture of a garden.
- Create a [second web page](#) that is linked to the main page. This page will be the contact page, where the following is requested: First Name, Last Name, Street Address, City, State, Zipcode, Email Address, and a comment section that includes email submit button to [webcourses@aol.com](mailto:webcourses@aol.com). Issue an alert if a required field (the email address) has not been filled! The contact page should also link back to the main (or home) page. See item 9 where the links should be located.
- Create a [third page](#) that is linked to the main page which is to feature crafts. Include images and links to such stores as Hobby Lobby, Michael's, and JoAnn's (assume you have permission to use their links. Include an article tag containing paragraphs on the importance of the 3 Rs! [recycle, reuse, reduce]. The links should be included in a <nav> tag. Add an <aside> tag within the article tag that features information on how to grow one's own food.
- Use CSS **extensively** in your code. Required: one external CSS file linked to the main page, one or more embedded CSS scripts; and one or more in-line styles for elements/selectors of your choice that are different for one is given in the external style sheet). Choose font family types that are easy to read.
- Provide the following: (a) background color – light green for the home page, lighter green for the Contact page, and lightest

green for the crafts page (b) text-shadow for the Welcome statement, (c) font-family: Tahoma, (d) choose the color of the text to be readable in all three pages, (e) don't forget: copyright symbol, metatags, hot spots, tooltips, scrollbar colors, hyperlinks colors.

- Insert a public domain/free wav file that contains instrumental easy listening music, using appropriate [audio](#) controls (such as <https://www.freesound.org/people/lwdickens/sounds/269414/> ) .
- Insert a public domain/free [video](#) file that features a craft such as origami, woodcarving, etc.
- Have a footer that contains navigation to the following websites
  - Contact page
  - Craft page
  - Choose a website that features craft-making using recycled materials
- Place your results in the Midterm Practical drop box. Results should include all executable code (HTML, CSS) and snapshots of the screens and alerts.

**CODE Main Page:**

```
<!DOCTYPE html>
```

```
<html lang="en">
```

```
<head>
```

```
  <meta charset="UTF-8">
```

```
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
```

<article>

<p>To recycle, reduce and reuse provides environmentally-friendly ways to reduce negative impacts of growing amounts of waste on the natural environment. "Reduce" refers to the reduction of waste during production processes such as manufacturing. To "recycle" means to take a used material and remanufacture it to sell new. In addition to the primary advantages to our environment, these 3Rs also provide other benefits, such as financial savings.</p>
